

BACK TO EARTH

BOGAVANTE

On the Ground.....

From soaring heights I have made a musical detour back to earth on this album.

A friend had proposed to take out the instrumentals of my previous release and reduce it to songs with vocals.

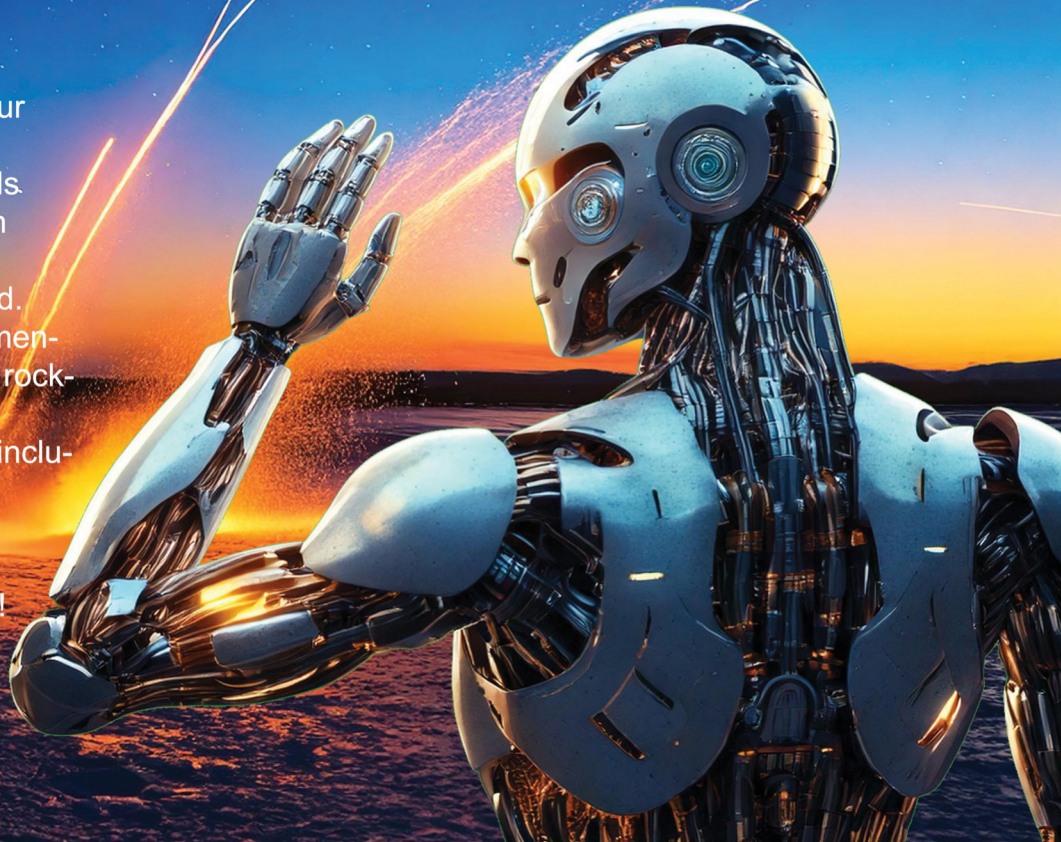

I refused to do that and made this new one instead.

I couldn't resist to include at least one little instrumental tune. The rest is - more or less - down to earth rock-music.

Nevertheless it is entirely produced electronically including the voices; as always.

There is no more to explain.

So, enjoy a different aspect of synthesized music !
